

## **Preventative Exam Notice**

An annual physical is designed to be a preventative exam to keep you healthy and screen for certain diseases. Before your annual physical with your doctor you should have a general understanding of what is covered during this visit. Please understand that all insurances are different and exceptions may exist.

Here's what IS typically covered:

- ✓ Complete Physical Exam
- ✓ Body Mass Index
- ✓ Immunization Update
- ✓ Medication List Update
- ✓ Cholesterol Screening
- ✓ Diabetes Screening

If needed, blood work and screening for preventative conditions such as:

- ✓ Uterine/Ovarian/Cervical cancer
- ✓ Breast Exam with Mammogram/Breast cancer
- ✓ Prostate Exam/Prostate cancer
- ✓ Colorectal Screening
- ✓ Skin cancer
- ✓ Colon cancer
- ✓ Osteoporosis
- ✓ Bone Density

Here's what is typically **NOT** covered:

- Discussion of new medical concerns or symptoms
- Any procedures
- Testing or discussion related to a chronic medical problem
- Medication refills

Regular office visits require a co-pay, collected at time of service. Co-insurance or deductible payments will be mailed out after insurance has been billed. Treatment of existing conditions or any new ones (joint pain, sinusitis, headaches, etc.) requires a co-pay. If an urgent problem needs to be addressed during your preventive screening, an additional charge will be made and your insurance company will require a co-pay or co-insurance payment billed out on your monthly statement. Any charges may be applied to your deductible as well.
